

CS 444/544

Ethics

Tool

- How are the tools hackers use different from the tools researchers use?

Tools

- How are the tools hackers use different from the tools researchers use?
- They are not
- Other software that has this duality of being used for good/evil (bittorrent)

Tools

- Should these tools be regulated?
- Why/Not?

Tools

- IDA pro
- Ollydbg
- ...

Disclosures Compared

- CERT VS RPP
- Differences?
- Similarities?
- Benefits of one over the other

Check out disclosures

- Go to class site
- Click on CERT link
- Check out disclosure database
 - Talk about them

Voting Machines!

- Is it ethical to hack a voting machine?
 - Why/Not!
- Should anyone be allowed to do it
 - Why/Not
- Government sponsored stuff

Voting Machines!

- The VIDEOS on youtube!
- 2 stories
 - The guy in India
 - Same guy with the code that accidentally got released

Jed & Jeff Vs IT

- The Story..

Jed & Jeff Vs IT

- Did they do the right thing
 - Why
 - Why not
- Who did they tell
 - Did they tell the right person?
 - Did they wait long enough?
 - Was it their responsibility to go above IT and tell the vendor?
 - Should they have tried an ethical disclosure we read about?
